PJ Monte And James 'LOLA' Cruickshank Present MYC Meets NYC Part 2

2:17 PM Posted by Brittany Mendenhall

If you missed **MYC Meets NYC** last weekend at **Barracuda Bar** because you didn't want to drive out to Montauk, don't make the same mistake this week.

Sure you could just follow [@lolanewyork](#) and [@pjofdon](#), and pretend like you're in the loop; But why do that when you can be there?

If you see **Steve Kasuba**, tell him I said Montauk is cool. It will make his night!
