### Gulf Coast Kitchen

We are all for traveling outside city limits for a spectacular meal, especially when it brings us closer to the beach. The Gulf Coast Kitchen, located at the Montauk Yacht Club, is our ideal ocean-side dining spot. Get swept away by delicious casual dining among a spectacular view, made available via floor-to-ceiling windows. Call us predictable, but do not pass up their selection of delicious seafood, like the Hand Harvested Diver Scallops. The fresh, daily ceviche, Cilantro-Ginger Marinated Skate, and Organic Corn Fuselli are also making us feel suddenly hungry. Although an ocean breeze and good, locally-sourced food are enough to get us to travel out to Montauk, we suggest you make a weekend out of this trip. Build your appetite while you rejuvenate at the spa, catch a few waves at Surf Camp and relax on the private lake beach. Before heading to diner, slip into a silky and effortlessly-chic jumpsuit. Feel free to let your surroundings inspire your accessories, such as with shell-embellished espadrilles. A cozy, white cardi will also serve you well as you sink your coral-polished toes into the sand for a post-dinner stroll.

Star Island Road, Montauk; 631-668-3100.
