

# Local activities your wedding guests will love

If you're looking for ways to really wow your guests with organized activities, allow us to arrange some old-fashioned Montauk fun, and they'll be talking about your wedding weekend for years to come!

## for the groomsmen

**Fishing Charters** There are plenty of fish in the sea! Reel in a big 'un with the guys before your big day, with inshore or offshore charter for half or full days, or even offshore shark or extended tuna day canyon trips. Provided by MYC's Charter Boats: "Hatrick" Luxury Yacht and the "Masterpiece" or "My Mate" Fishing Charters.

**Surf Lessons** Now this is what Montauk is all about. Take advantage of the hippest wedding location there is, with an excursion to the infamous Ditch Plains, for group surfing lessons, provided by East End Surfing School. Wet suits and boards provided, and picnic lunch can also be served.

**Skydiving** Take a different kind of leap of faith with your friends in a tandem skydive! Taking off from Spadaros Airport. Not for the faint of heart!

## for the bridesmaids

**Yoga** Start your morning with a relaxing private group lesson for you and your girls, on Island Beach or the Great Lawn with renowned East End instructor Kelly Bragger.

**Spa** A facial for the bride and her bridesmaids? Relaxing massages? Champagne while you wait? Check out our spa menu and we'll arrange appointments for your bridesmaids or any of your guests.

**Hiking** With a plethora of state parks all within a ten-mile radius, including the infamous wooded trail up to Montauk Lighthouse, give the girls a chance to gossip and gab while getting their exercise.

**Shopping** Girls just want to shop! And there's no place better than the boutiques of East Hampton with a stop at a hot spot for lunch!

## for the kids

**Mini Golf** Need to keep the kids entertained while Mom and Dad relax? Allow our Kids' Camp counselors to take them on an excursion down the road to Puff and Putt.

**Oceans Discovery Camp** Let the kids discover the unique animals that inhabit Montauk by setting crab traps, or going seining. Led by an instructor in cooperation with Cornell Cooperative Extension.

**Swim-In Movie Theater** Arrange a screening of the movie of your choice in MYC's own indoor pool! Kids can swim along with The Little Mermaid or find Nemo! Lifeguard provided.

## ... and for everyone!

**Mountain Biking** Get back to nature! We can arrange bike rentals from Montauk Bike Shop and an excursion to Hither Hills State Park. Morning or afternoon rides, or a full day with a packed picnic lunch.

**Horseback Riding** Before you ride off into the sunset forever, take everyone for a ride through the beauty of Montauk with a trail ride arranged with Deep Hollow Ranch. Half-day morning or afternoon excursions available.

**Wakeboarding** Whether your guests are beginners working on the bunnyhop, or advanced “skurfers” who want to learn tricked-out jumps and sick flips, we can arrange a boat and a great instructor, so you can have a laugh while you toss your friends around the ocean. Wet suits provided.

**Golf** Hit the links before you hit the drinks! We can arrange your guests into groups and secure transportation and tee times at Montauk Downs.

**Tennis** How about a Round Robin to get your guests fired up before the big day? Allow our pro to organize your guests for a tournament, prizes and all!

**Kayaking** Just don't tip the bride! Take a group out on Lake Montauk to pump up those pecs and experience the beauty of Montauk from the water.
